

At the **TABLE** **COLORADO**

YOUR VOICE MATTERS

WHAT: **At the Table Colorado** is a forum designed to elevate civic conversation, foster new relationships and inspire collaborative action across the region. These free, small group, mealtime conversations, provide an opportunity to discuss our accomplishments as well as the challenges we face, while aiming to inspire new ways to work together to make communities stronger and more dynamic.

WHO: Everyone is welcome; **ATTC** is an inclusive, ethnically diverse, multigenerational conversation that reaches all socioeconomic levels. Any Colorado resident can sign up to Host a mealtime conversation and there will be conversations that area residents can sign up to attend. The Host chooses the topic for the discussion.

WHERE: Conversations can take place anywhere – at a private residence, local restaurant, colleges, businesses, libraries, churches, rec centers, museums, parks, schools, non-profits, synagogues, public buildings, art galleries, homeless shelters, media outlets, mosques, senior centers, universities, hospitals or other community location over coffee, breakfast, lunch, dinner and everything in between. It is entirely up to the Host to decide where, when and how the mealtime conversation takes place.

WHY: Progress will only result when residents and organizations collaborate to make contributions that add up to greater solutions. **At the Table Colorado** connects individuals and communities of diverse perspectives and backgrounds to do just that.

WHEN: The next, statewide **At the Table Colorado** conversations will be part of National Volunteer and Community Service Month in **April 2019**. Details available soon.

Coming together as a community to learn from and with each other, we have the power to impact communities and lives. *At the Table Colorado* believes not only that *what you do matters*, but also that *your voice matters Colorado*.
